

*Mike Brewster,
Owner, Gil's Garage*

My parents first started working with Ballston Spa National Bank back in 1966 and they're still the only bank Gil's Garage has ever had.

They helped us to expand our facility in 1999, gave us an

Equipment Loan

to buy a new tow-truck a few years ago and we've always had a business line of credit with them.

Gil's Garage is a family business and BSNB has always treated us like one of their family.
